

PROTEIN SOURCES MILLING FALL GRAIN PROGRAM

Intent at delivery of grain: There is **NO FREE TIME!** Load must be marked as Contracted, Sold, Price Later, or Grain Bank before being unloaded.

WE DO NOT PROCESS WAREHOUSE RECEIPTS OR CCC LOANS RECEIPTS!

Checks are issued per request on Tuesdays & Thursdays. Please give notice to us for any deferred payment arrangements.

Moisture allowance: 2 yellow is calculated to 15% moisture. ***You will be assessed a drying charge and shrink if moisture is higher than 15%.*** Drying fees will be \$.04 cents per point of moisture. Shrink factor will be 1.4% for each point of moisture removed. Loads of corn delivered to the feed mill in Mapleton must be at 15% maximum moisture or it will be rejected.

Quality control: There is zero tolerance for damage on corn delivered to the mill. We want happy, healthy hogs!

On-Farm Pickup. Call Tom Massop at the Good Thunder office for quotes & arrangements.

Grain Bank: The first 60 days have no banking fees. A fee of \$.04 cents/month/bushel for the end of the months balance will be charged thereafter through each month into March.

Bean Delivery: Accepted at Good Thunder and Mapleton Elevator or by farm pickup. **Beans at 13.1 % moisture or higher will be discounted.** We will average the moisture at 14% and below. Beans above 14% will stand-alone and moisture will be discounted separately.

Price Later Fees: Grain put on **Price Later** Contracts will be charged \$.04 cents/month/bushel fee with a minimum fee of .15 cents per bushel. **This charge is subject to change after our space is full. We will then charge the prevailing commercial industry rate!**

Defer Pay: Is available upon request for grain that was contracted or sold, payable on Friday January 3rd, 2017.
